

7th Baltic Atherosclerosis Congress

April 6-7, 2018 Tallinn, Estonia

Welcome to the 7th Baltic Atherosclerosis Congress

Dear Colleagues,

It is our great pleasure to invite you to participate at the 7th Baltic Atherosclerosis Congress, which will take place in Tallinn, Estonia on April 6-7, 2018.

The Baltic Society of Atherosclerosis was founded during the 1st Baltic Lipid Conference on the 15th of April, 1998 in Tallinn. The current meeting will continue the tradition to hold the Baltic Atherosclerosis Congresses in Tallinn, Riga or Vilnius. The 7th BAS Congress will bring together cardiologists, endocrinologists, internists, clinical researchers and others interested in the field of atherosclerosis.

The programme of the Congress should help practitioners to find answers to the questions they are facing in their daily work. Our activities are focused on clinically oriented primary and secondary prevention. The programme will tackle all the major risk factors and mechanisms of atherosclerosis as usually, with special emphasis on lipid management in secondary prevention of cardiovascular disease, familial dyslipidemias such as familial hypercholesterolemia and cardiovascular risk in diabetes.

Despite the recent advances in the cardiovascular prevention and atherosclerosis research, the burden of the cardiovascular morbidity and mortality remains very high in all the three Baltic countries. This will give the opportunity to bring together state-of-art research in the field of atherosclerosis and create strong forum for exchanging ideas and seeking solutions for the future.

Organisers of the conference are determined to promote a stimulating atmosphere of the meeting. We also hope that you will find time to enjoy festivities of 100th birthday of the Republic of Estonia, medieval city of Tallinn and relaxing countryside.

Please join us for a high level scientific and cultural experience in Tallinn, Estonia!

Prof. Margus Viigimaa
Chairman of the Organising Committee

7th Baltic Atherosclerosis Congress

April 6-7, 2018 Tallinn, Estonia

Main Topics

- Clinically oriented primary prevention
- Lipid management in secondary prevention
- Familial hypercholesterolemia
- Cardiovascular risk in diabetes
- Atherosclerosis and atherothrombosis

Scientific Committee Members

Margus Viigimaa, Chairman, Estonia

<u>Estonia</u>	<u>Latvia</u>	<u>Lithuania</u>
Davit Duishvili	Vilnis Dzērve	Zita Kučinskienė
Arvo Mesikepp	Andrejs Ērglis	Aleksandras Laucevičius
Sergei Nazarenko	Gustavs Latkovskis	Žaneta Petrulionienė
Silvia Noodla	Iveta Mintāle	Rimvydas Šlapikas
Vallo Volke	Valdis Pīrāgs	Remigijus Žaliūnas

Registration

<u>Fees in Euro</u>	<u>Before February 1, 2018</u>	<u>After February 1, 2018</u>
Participant	180.00	220.00
Student / Resident	75.00	100.00

Registration fee includes: Attendance to all scientific sessions, Scientific documentation and Congress bag, Welcome Reception, Coffee breaks and lunches during the Congress, Certificate of attendance.
